## Summer Reading Challenge Updates

Mrs. Donovan, our AMCS community liaison, came up with a challenge for the students during summer break. Each student had the option to read books during their break and mark them down on a reading log. The challenge was made partly to see how many books students could read in each class. It was also made so students can challenge themselves.

We've had an interview with Mrs. Donovan to answer a few of our burning questions. Here are her replies. The winners do earn prizes, the winner in each class will get a 20 dollar bookstore gift card, but the class that reads the most books will get a pizza party.

She has also said that she hopes for this challenge to become an AMCS tradition during the Summer to encourage kids to read more and to improve vocabulary and all those things.

The background of the slide is a vibrant illustration from the anime Jojo's Bizarre Adventure: Golden Wind. It features the character Gold Experience in the foreground, wearing his signature green and gold outfit, with a determined expression. Behind him, the character Mista is visible, along with other members of the Bucciarati gang. The scene is set in a room with yellow walls decorated with green heart patterns and a floor with a repeating pattern of yellow and white circles. The overall style is characteristic of the anime's art direction.
